NOA COLLECTION

Noa collection, designed by Enrique Marti, establishes an oasis of tranquillity. Creating a calming, serene environment is the aim of this collection and inspired us also on the name of this collection. Noa - Noach which means rest and peace.

Characterised by its curving, the framework is made of natural teak that pays homage to old craftsmanship. The feeling of being close to nature continues thanks to the hand woven strap with a subtle touch of green.

SCOOP COLLECTION

Scoop collection provides elegant grace and develops a neutral touch to emerge with the environment. Its colour and craftsmanship are made for an exceptional view on your garden.

NATURE

This year, we expanded the collection with a low dining concept. These are slightly lower than a traditional dining setting and create a relaxed posture allowing you to enjoy hours of dining that overflows in an endless evening full of joy.

The Lewis low dining armchair, which also exists in a higher version for traditional dining, is made of seagrass rope supported by a powder coated aluminium frame.

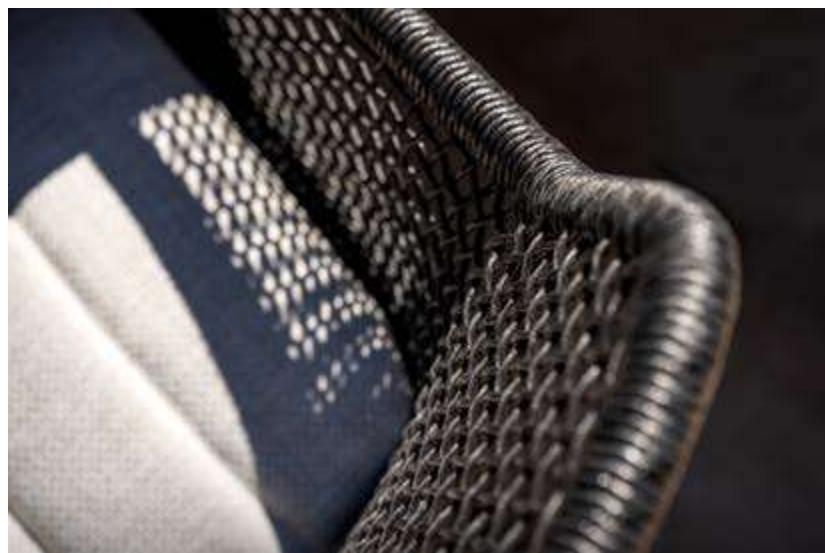

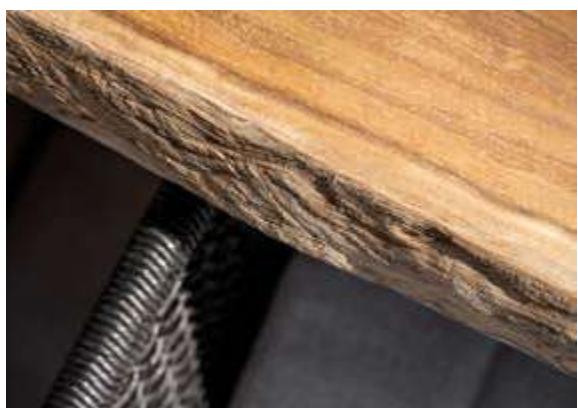

The beauty of raw, solid teak makes every piece unique with an irregular touch. All dining tables and benches are carried by a sturdy powder coated aluminium frame for extra support.

MAINTENANCE & PROTECTION

To enhance the durability and appearance, we recommend following our care instructions regularly. The umbrella should never be used in strong wind or rainy conditions. An open umbrella should never be left unattended. We always suggest storing your furniture and outdoor umbrella in a dry place when not in use or using a protective cover to avoid any blurring or damage.

GUTTERS

Gutters offer an uninterrupted protection between several umbrellas. By connecting the parasols, large areas have a complete coverage against the sun or rainy weather. A gutter is always attached to the parasol with a slight slope in order to drain the water efficiently in the desired directions.

Our gutters are available in the same colour as the cloth of the parasol to match perfectly. Only applicable on the following parasols: JCP.201, JCP.202 and JCP.501.
